The overall success of the University of Wisconsin School of Medicine and Public Health Department of Orthopedics and Rehabilitation depends greatly on the generosity of our donors.

All donors with annual gifts of $100 or more will be listed in the Department of Orthopedics and Rehabilitation newsletter and online at ortho.wisc.edu/giving.

Additionally, those making annual gifts of $1,000 or more (or cumulative gifts of $5,000) will be invited to an annual reception to learn more about the research advancements made by our dedicated faculty and staff.
I am honored to serve as the advisory board chairman for the University of Wisconsin Orthopedic Funds and invite you to join me in supporting one of the most crucial of those funds—the Annual Fund for Orthopedic Innovation.

When you give to the Annual Fund for Orthopedic Innovation, you support research and the advancement of learning that translates into superior patient outcomes and ultimately benefits not only patients and families in Wisconsin, but the greater medical community as well.

Whether treating children with bone cancer, patients with spinal cord injuries, athletes with sports injuries, or simply helping people lead healthy and physically active lives, the world-renowned physicians, staff and scientists of the Department of Orthopedics and Rehabilitation remain committed to improving people’s lives.

By providing exceptional training and staying on the leading edge of orthopedic research, they are truly working to meet tomorrow’s orthopedic needs today.

Thank you in advance for your support.

Professional Golfer and ESPN Analyst

With your help we can:

- Support faculty research that translates into improved techniques and better patient outcomes
- Expand student education and research opportunities
- Invest in physical and technical infrastructures that support effective research administration, collaboration and innovative approaches to training
- Invest in equipment that improves the ability to diagnose and treat patients with musculoskeletal injuries and conditions

For more information on the Annual Fund for Orthopedic Innovation or other giving opportunities, please contact Joe Greene, Program Manager, Outreach and Development at (608) 265-8382 or jgreene@uwhealth.org or visit ortho.wisc.edu/giving.
